

The three core missions of the Colorado Chapter SCI are Humanitarianism, Conservation, and Education. Under the “education” heading, the Colorado Chapter of SCI has elected to purchase and donate 100 books and over 30 hunting videos to the Pikes Peak Library District.

We felt that the library had a limited selection of books on hunting strategy, shooting, gunsmithing, archery, muzzleloading, wilderness survival, and reloading. With this donation, our public library system now likely has the best selection of books available for checkout on these subjects in the nation.

You may request that books be sent to your nearest library at <http://library.ppld.org>
